All eligible employees are covered under the Employer-provided Basic Long Term Disability (LTD) Insurance Plan through the Public Employees Benefits Board (PEBB) on the first day of the month following the date of employment. If the date of employment is the first working day of a month, coverage begins on the date of employment. Additional coverage for many employees is available under the Optional Plan.

All newly hired eligible employees are required to complete an enrollment form and return it to their personnel, payroll, or benefits office. Employees must return the completed LTD enrollment form within 31 days of their initial eligibility for PEBB-sponsored benefits to obtain options that are available without providing evidence of good health. However, employees must meet eligibility criteria for such coverage, and some optional coverage requires evidence of good health.

Please read this booklet carefully before you select your LTD insurance options. This booklet is not a contract or policy of insurance. It contains your Certificate of Insurance and a series of questions and answers intended to explain some of the major features of the coverage designed by the Public Employees Benefits Board (PEBB). The benefits are subject to the terms, conditions, and limitations of the insurance contract between the insurance company and the Washington State Health Care Authority (HCA). Benefits available are based solely on the contract.

This booklet is provided by the Health Care Authority, 676 Woodland Square Loop S.E., P.O. Box 42682, Olympia, Washington 98504-2682. Benefits are underwritten by Standard Insurance Company of Portland, Oregon, and this booklet is printed at Standard's expense. If you need assistance with this publication, please contact the HCA at 360-412-4200.

Certificate of Insurance

Group Long Term Disability

Policy Number 377661-B	Policyowner Washington State Health Care Authority
----------------------------------	---

A Group Policy has been issued to the Health Care Authority. We certify that you will be insured as provided by the terms of the Group Policy. If your coverage is changed by an amendment to the Group Policy, we will provide the Policyowner with a revised certificate or other notice.

Possession of this certificate does not necessarily mean you are insured. You are insured only if you meet the requirements set out in this certificate.

Defined terms are printed with their first letters capitalized. “We,” “us,” and “our” mean Standard Insurance Company. “You” and “your” mean the insured person. All other defined terms appear with the initial letter capitalized.

Definitions

Basic

The level of insurance coverage for which the entire premium is paid by the Policyowner or Employer, except for approved sabbatical or educational leave.

Benefit Waiting Period

The period you must be continuously disabled before LTD Benefits become payable. No LTD Benefits are payable during the Benefit Waiting Period. (See Benefit Waiting Period, page 19.)

CPI-W

The Consumer Price Index for Urban Wage Earners and Clerical Workers, published by the United States Department of Labor. If the CPI-W is discontinued or changed, we may use a comparable index. Where required, we will obtain prior state approval of the new index.

Duty Disability

Total incapacitation for duty as the natural and proximate result of an accident occurring in the actual performance of duty or total incapacitation for duty as a result of an occupational disease, while in the service of an Employer.

Employer

The state of Washington and any governmental subdivision approved in writing by the Policyowner and us.

Providing Evidence of Good Health means you must:

1. Complete and sign our medical history statement.
2. Sign our form authorizing us to obtain information about your health.
3. Undergo a physical examination, if required by us, which may include blood testing.
4. Provide any additional information about your health that we may reasonably require.

Providing Evidence of Good Health does not assure that your application for coverage will be approved.

Group Policy

The group LTD insurance policy issued by the insurance company to the Policyowner and identified by the Group Policy Number.

Indexed Predisability Earnings

Your Predisability Earnings adjusted by the rate of increase in the CPI-W. During your first year of Disability, your Indexed Predisability Earnings are the same as your Predisability Earnings. Thereafter, your Indexed Predisability Earnings are determined on each anniversary of your Disability by increasing the previous year's Indexed Predisability Earnings by the rate of increase in the CPI-W for the prior calendar year. The maximum adjustment in any year is 10%. Your Indexed Predisability Earnings will not decrease, even if the CPI-W decreases.

Injury

Harm, hurt, or damage to your body.

LTD Benefit

The monthly benefit payable to you under the terms of the Group Policy.

Maximum Benefit Period

The longest period for which LTD Benefits are payable for any one period of continuous Disability, whether from one or more causes. It begins at the end of the Benefit Waiting Period. No LTD Benefits are payable after the end of the Maximum Benefit Period, even if you are still Disabled. (See Maximum Benefit Period, page 19.)

An eligible employee as determined by the Public Employees Benefits Board in accordance with Washington Administrative Code Title 182.

Optional

The level of insurance coverage for which you pay all or part of the premium.

Proof of Loss

Satisfactory written proof that you are disabled and entitled to long term disability benefits.

Sickness

Your illness or disease.

Questions and Answers

1. Why is Long Term Disability (LTD) Insurance important?

Your continued ability to pay for food, shelter, and other commitments is probably dependent upon your receiving a paycheck. Six out of ten people between ages 20 and 60 will be disabled for some period of time before age 65. If you are between the ages of 35 and 65, you are six times more likely to become disabled than to die.

The PEBB-sponsored Long Term Disability Insurance Plan is designed to help protect you from the financial risk of loss of earnings due to serious injury or illness. Basic LTD Plan coverage is provided at no cost to you. If you meet the eligibility requirements, you may also enroll in Optional LTD Plan insurance at your expense.

LTD benefits are coordinated with other sources of replacement income available to you during periods of Disability (such as Workers' Compensation, Social Security, and Retirement Plan benefits) to provide valuable protection of your earnings while controlling your premium cost.

2. What are the LTD benefits?

The PEBB-sponsored LTD plan has 2 parts: the Basic Plan and the Optional Plan.

The Basic Plan. The Basic LTD Plan provides a benefit of 60% of the first \$400 of Predisability Earnings, reduced by any Deductible Income (see Question 11). The maximum benefit payable is \$240 per month. The minimum benefit is \$50 per month. Benefits begin after 90 days of Disability or after the period of your accumulated sick leave, whichever period is longer, and continue during your Disability up to the Maximum Benefit Period (see Question 22).

The Optional Plan. This plan allows most employees eligible for the Basic LTD Plan to apply for additional benefits. When combined with Basic benefits, the Optional Plan will pay 60% of the first \$10,000 of your Predisability Earnings, reduced by any Deductible Income. The minimum combined benefit is \$100 per month. The Optional Plan benefit will increase in accordance with the Cost of Living Adjustment (COLA) provision as explained in Question 3. Optional Plan benefits begin after the end of the Benefit Waiting Period (see Question 6) and continue during Disability up to the Maximum Benefit Period.

Employees enrolled in the Optional Plan are also covered under a Retirement Supplement benefit as described in Question 4.

Here are examples of how LTD works:

- A. Mr. Smith is age 27, has been in state service for four years, and his current salary is \$1,000 per month. He has 20 days of accumulated sick leave and elected the 90-day Benefit Waiting Period under the Optional Plan. Mr. Smith's disability does not qualify for Social Security or other disability benefits:

\$1,000 Predisability Earnings

 x 60 %

\$ 600 Maximum benefit* from all sources, beginning after 90 days of Disability

- * Plus any benefit payable under the Cost of Living Adjustment provision or the Retirement Supplement.

- B. Ms. Jones is age 50 and has been in state service for 16 years. Her current salary is \$2,000 per month. She has 135 days of accumulated sick leave which is the calendar day equivalent of 189 days. Ms. Jones elected the 180-day Benefit Waiting Period under the Optional Plan. Since accumulated sick leave (189 calendar days) exceeds the 180-day Benefit Waiting Period, benefits begin after 189 days of Disability.

\$2,000 Predisability Earnings
 x 60 %
\$1,200 Maximum benefit from all sources

\$ 400 Social Security (assuming disability to last a year or more)
\$ 400 Retirement Disability Benefit
\$ 240 Basic Plan Benefit
\$ 220 Optional Plan Benefit*
\$ 1,260

* Plus any benefit payable under the Cost of Living Adjustment provision or the Retirement Supplement

C. Mr. Brown is age 55 and has been in state service for 25 years. His current salary is \$2,200 per month. He has 175 days of accumulated sick leave, the calendar day equivalent of 245 days. Mr. Brown elected the 240-day Benefit Waiting Period under the Optional Plan. Benefits begin after 245 days of Disability.

\$2,200 Predisability Earnings
 x 60 %
\$1,320 Maximum benefit from all sources

\$ 400 Social Security (assuming disability to last a year or more)
\$1,000 Retirement Disability Benefit
\$1,400 Total Deductible Income (exceeds 60% of Predisability Earnings)

\$ 100 Minimum Plan Benefit (\$50 Basic plus \$50 Optional*)

This example is given to illustrate that because of the disability benefits available from other sources, Mr. Brown will receive only the minimum benefit of \$100 per month.

* Plus any Retirement Supplement benefit

3. Will my Optional Plan benefit increase if the cost of living increases?

Yes. The Optional Plan includes a Cost of Living Adjustment (COLA) provision which increases the Optional benefit annually, based on increases in the Consumer Price Index. This adjustment is made each March 1 for employees who have received Optional Plan benefits for at least three months during the preceding 12 months. The benefit increase will be equal to one-half of the rate of increase in the Consumer Price Index for Urban Wage Earners and Clerical Workers during the preceding calendar year, up to a maximum increase of 6%.

This COLA provision does not apply when the minimum benefit is being paid. Also, the COLA provision does not apply to Basic and Retirement Supplement benefits. For more details, please refer to the certificate language on page 32.

4. Does the Optional Plan provide a supplement to my retirement income?

Yes. Employees enrolled in the Optional Plan who are eligible to be covered under Teacher's Insurance Annuity Association and College Retirement Equities Fund (TIAA-CREF) or a Higher Education Academic Retirement Plan have the following type of retirement supplement:

The amount paid to your pension plan on your behalf will be equal to the sum of (1) the contribution you are required to make to TIAA-CREF or a Higher Education Academic Retirement Plan, and (2) the contribution made by the Employer to TIAA-CREF or a Higher Education Academic Retirement Plan on your behalf, not to exceed 15% of the first \$10,000 of your Predisability Earnings.

All other employees enrolled in the Optional Plan who have at least five years of employment with the state have a retirement supplement monthly benefit, which is determined as follows:

Two percent (2%) of the first \$10,000 of the Predisability Earnings at the time of Disability times the number of “qualifying years of Disability,” not to exceed 60%. (In case of a duty disability for employees covered under PERS I, the benefit will be 1% of the first \$10,000 of Predisability Earnings times the number of “qualifying years of Disability,” not to exceed 30%).

However, no benefit is payable if the amount determined above is less than \$50 per month.

“Qualifying years of Disability” means the number of years for which regular Optional Plan benefits are paid.

The retirement supplement monthly benefit begins when the scheduled Maximum Benefit Period for Disability benefits ends (see Question 22), and the benefit continues until the date of the employee’s death.

The Cost of Living Adjustment (page 32) and Deductible Income (page 29) provisions do not apply to these retirement supplement benefits. For more details, refer to the certificate language.

5. Which employees are eligible to enroll in the Public Employees Benefits Board Long Term Disability Insurance Plan?

- A. The following state, school district and educational service district, and participating governmental subdivision employees are covered under the Basic Plan and are eligible to enroll in the Optional Plan:

Permanent employees (state employees and governmental subdivision employees): Those who work at least half-time per month and who are expected to be employed for more than six months. Such employees shall be eligible to apply for coverage on their first day of employment.

Nonpermanent employees (state employees and governmental subdivision employees): Those who work at least half-time and are expected to be employed for no more than six months. Such employees shall be eligible to apply for coverage on the first day of the seventh month of employment.

Career seasonal/instructional employees: Employees who work half-time or more on an instructional year (school year) or equivalent nine-month seasonal basis are eligible to apply for coverage on their first day of employment and are eligible to receive the Employer contribution for insurance during the off-season following each period of seasonal employment.

School district and participating employer group employees: Eligibility for employees of participating employer groups (cities, counties, ports, water districts, etc.) may follow PEBB rules or may be determined by collective bargaining agreement if approved by the HCA for PEBB purposes. Seasonal and part-time faculty as defined on the following page are not eligible for enrollment in the Optional Plan.

Appointed and elected officials, and judges: Legislators are eligible to apply for coverage on the date their term begins. All other elected and full-time appointed officials of the legislative and executive branches of state government are eligible to apply for coverage on the date their term begins or they take the oath of office, whichever occurs first. Justices of the Supreme Court and Judges of the Court of Appeals and the Superior Courts are eligible to apply for coverage on the date they take the oath of office.

Part-time faculty: Faculty who are employed on a quarter/semester to quarter/semester basis become eligible to apply for coverage beginning with the second consecutive quarter/semester of half-time or more employment at one or more institutions of higher education. For this purpose, Spring and Fall may be considered consecutive quarters/semesters.

- B. The following state and participating governmental subdivision employees are covered under the Basic Plan only and are not eligible for the Optional Plan:

Seasonal employees: Those who work at least half-time per month during a designated season for a minimum of three months but less than nine months per year and who have an understanding of continued employment with state government season after season. These employees become eligible to apply for coverage on the first day of such employment; however, they are not eligible for Employer contributions during the break between seasons of employment.

Port commissioners

- C. Persons not eligible for an Employer contribution under the policy established by the Public Employees Benefits Board are not eligible for the Basic or Optional Plans.

6. What is the Benefit Waiting Period?

The Benefit Waiting Period is the period you must be continuously Disabled before LTD benefits become payable. The Benefit Waiting Period under the Basic Plan is the first 90 days of Disability or the period of your accumulated sick leave, whichever is longer. You choose the length of your Benefit Waiting Period under the Optional Plan at the time you enroll. The Benefit Waiting Period for Optional Plan benefits is either 30, 60, 90, 120, 180, 240, 300, or 360 days of each period of Disability, depending upon your choice, or the period of your accumulated sick leave, whichever is longer.

LTD Benefits are paid at the end of each month you qualify for them.

7. Why does the Optional Plan have several Benefit Waiting Periods from which to select?

The choice of Benefit Waiting Periods under the Optional Plan allows you to select the Benefit Waiting Period which best fits your needs. The longer the Benefit Waiting Period, the lower the premium cost to you. Since no plan benefits are payable during a period when you are eligible to receive sick leave, the Benefit Waiting Period you select should take into consideration the amount of your accumulated sick leave. For example, an employee who has accumulated 26 weeks (130 days) of sick leave may wish to select the 180-day Benefit Waiting Period so that benefits could begin at about the same time as sick leave pay is exhausted. A new employee or an employee with no sick leave accumulation may wish to select a shorter Benefit Waiting Period.

8. Can I change my Benefit Waiting Period under the Optional Plan once enrolled?

Yes. You may **lengthen** your Optional Plan Benefit Waiting Period at any time, but you may reduce it only by furnishing evidence of good health satisfactory to the insurance company. To maintain the lowest premium cost possible, you may contact your personnel, payroll, or benefits office to lengthen your Benefit Waiting Period when your sick leave accumulation exceeds the Benefit Waiting Period you have selected.

9. How much does the Optional Plan cost?

The cost of the Optional Plan depends upon the Benefit Waiting Period you select as shown on page 39. It is calculated as a percent of your Predisability Earnings up to \$120,000 per year (i.e., up to \$10,000 per month for persons paid 12 months per year or up to \$12,000 per month for those paid 10 months per year, etc.).

10. What is considered Predisability Earnings?

For benefit calculation purposes, Predisability Earnings are determined by dividing your basic annual earnings from state employment by 12 (not including overtime, shift differential, standby pay, bonuses, commissions, supplemental stipends, and other extra compensation). Position stipends are considered part of Predisability Earnings. However, for premium calculation (payroll deduction) purposes, basic monthly earnings do not include days/hours of unpaid leave.

11. What is Deductible Income?

Deductible Income includes:

- A. Sick pay, shared leave, and other salary continuation paid to you by your Employer, but not including vacation pay or annual leave.
- B. Your Work Earnings as described in the Return To Work Incentive. (See Questions 27 and 28.)
- C. Any amount you receive or are eligible to receive because of your disability under any Workers' Compensation law or similar law, including amounts for partial or total disability, whether permanent, temporary, or vocational.
- D. Any amount you, your spouse, or your children under age 18 receive or are eligible to receive because of your disability or retirement under the Federal Social Security Act, Canada Pension Plan, Quebec Pension Plan, or any similar plan or act.
- E. Any amount you receive or are eligible to receive because of your disability under any state disability income benefit law or similar law.
- F. Amounts you receive or are eligible to receive because of your disability under any other group disability insurance coverage.
- G. Your Deductible Income from your Employer's retirement plan as described on page 29.
- H. Any amount you receive by compromise, settlement, or other method as a result of a claim for any of the above, whether disputed or undisputed.

Exceptions: Deductible Income does **not** include:

- A. Any cost of living increase in any Deductible Income other than Work Earnings, if the increase becomes effective while you are disabled and while you are eligible for the Deductible Income.
- B. Reimbursement for hospital, medical, or surgical expense.
- C. Reasonable attorneys' fees incurred in connection with a claim for Deductible Income.
- D. Benefits from any individual disability insurance policy.
- E. California Workers' Compensation benefits for permanent total or permanent partial disability.
- F. Early retirement benefits under the Federal Social Security Act which are not actually received.
- G. Group credit or mortgage disability insurance benefits.

H. Vacation pay (“annual leave”).

I. Military retirement or disability benefits.

12. When am I covered under the Basic Plan?

Your insurance under the Basic Plan becomes effective on the first day of the month following the date you become eligible as stated under Question 5. Evidence of good health is not required for the Basic Plan.

13. When am I covered under the Optional Plan?

If you apply for the Optional Plan within 31 days from the date you first become eligible for PEBB-sponsored benefits (**not as a transfer to a new agency, school district, or ESD**), evidence of good health will not be required, and your insurance becomes effective on the first day of the month following the date you apply. (For details regarding the pre-existing conditions exclusion, please refer to Exclusions beginning on page 34.)

If you apply for the Optional Plan more than 31 days after your initial eligibility date, evidence of good health will be required, at your expense, and coverage does not become effective until the first of the month after your application has been approved by the insurance company.

Upon return to work from an unpaid leave, if you were covered under the Optional Plan in the month immediately preceding the unpaid leave, or if you return within the first 12 weeks of approved family leave, your Optional coverage will be reinstated on the first of the month following your return to work.

Note: If sickness, injury, or pregnancy prevents you from working the day before the scheduled effective date of your Optional insurance, your Optional insurance will not become effective until the day after you complete one full day of active work. (See Active Work Provisions on page 38.)

14. What is the definition of Disability?

During the Benefit Waiting Period and for the next 24 months, Disability means you are unable, as a result of sickness, injury, or pregnancy, to perform with reasonable continuity the Material Duties of your Own Occupation. After that, Disability means you are unable, as a result of sickness, injury, or pregnancy, to perform with reasonable continuity the Material Duties of any gainful occupation for which you are reasonably able through education, training, or experience.

Partial Disability is also covered. (Refer to Partial Disability Definition on page 26.)

15. What are the Exclusions and Limitations?

Benefits are not paid for disability resulting from war, intentionally self-inflicted injuries (while sane or insane), or a “pre-existing condition” as defined by the plan. (See Exclusions and Limitations on pages 34 and 35.)

16. What is a pre-existing condition?

A pre-existing condition is defined as a mental or physical condition for which you received medical treatment, took prescribed drugs, or consulted a physician, in the 90 days preceding the effective date of your insurance under the group policy.

17. Is a pre-existing condition covered?

In general, the plan does not provide benefits for any disability caused or contributed to by a pre-existing condition, unless the disability begins after you have been insured for 12 consecutive months after the effective date of your insurance. The 12-month period applies separately to Basic and Optional coverages. (For further details, please refer to Exclusions on page 34.)

However, the pre-existing condition provision will be waived for you if you furnish evidence of good health which is approved by the insurance company. If you return to pay status after a period of non-pay status resulting from termination of employment, the pre-existing condition provision will apply to any condition which is pre-existing on the date you became insured again.

Coverage for all other covered conditions begins immediately when you become insured.

18. Are mental disorders covered?

Yes. Benefits for mental disorders are limited to 24 months. However, if you are continuously hospitalized at the end of such period, benefits will continue while you are hospitalized if you are otherwise eligible. All benefits are subject to the Maximum Benefit Period (see Question 22).

19. What if both husband and wife are eligible employees?

Both may enroll without regard to marital status.

20. Must I be continuously Disabled to satisfy the Benefit Waiting Period?

No, you may return to your predisability work schedule for up to five days for each 30 days of the Benefit Waiting Period without starting the Benefit Waiting Period over again. Days that you work will not be counted as part of the Benefit Waiting Period.

21. If I receive benefits and then recover from Disability, must I serve another Benefit Waiting Period before receiving benefits again?

No. If your second Disability for the same cause occurs within 180 days, you will be eligible for benefits without satisfying the Benefit Waiting Period again.

22. What is the Maximum Benefit Period?

The Maximum Benefit Period depends on your age at the beginning of Disability, as shown in the following table:

Age at Beginning of Disability	Duration of Benefits
61 or younger	To age 65, but not less than 42 months
62	42 months
63	36 months
64	30 months
65	24 months
66	21 months
67	18 months
68	15 months
69 and older	12 months

Exception: The Retirement Supplement monthly benefit for employees not covered under TIAA-CREF or a Higher Education Academic Retirement Plan begins at the end of the above Maximum Benefit Period, and is payable until the date of the employee's death.

23. What happens if I should die while Long Term Disability insurance benefits are payable?

Should you die while receiving benefits, a lump sum equal to three times your LTD benefit is payable to your surviving spouse or dependent child(ren). However, no survivorship benefit will be payable under either Retirement Supplement plan.

24. Do I have to pay premiums while I am Disabled?

Premium payments are not required once your benefit begins or while you are completing the Benefit Waiting Period if your pay status ends.

25. Does this coverage continue while I am on paid leave?

Yes, provided you continue any required payroll deductions. For employees who work in an institutional year or career seasonal position, coverage continues between periods of active employment.

26. Does this coverage continue while I am on unpaid leave or reduced pay?

Coverage ceases on the day your pay status ceases, except under the following conditions:

- A. Basic and Optional coverages last to the end of the month in which pay status ends due to approved leave, reduction in force or reversion.
- B. If you are on approved family leave, Basic coverage is continued up to the first 12 weeks. You may also self-pay Optional coverage during this time.
- C. Your coverage may be continued for up to 24 months provided you are on an approved sabbatical or educational leave. For details on such coverage and premium requirements, please refer to Premium Contributions on page 21 and When Your Insurance Ends beginning on page 24.
- D. Your coverage will be continued for up to 30 days without additional cost to you during a continuous period of unpaid approved leave which is taken immediately following your annual paid leave.

27. What is the Return to Work Incentive?

The Return to Work Incentive offers a financial incentive for you to return to work to the extent of your ability. You are eligible for the Return to Work Incentive on the first day you work after the Benefit Waiting Period if LTD Benefits are payable on that date.

You also may serve your Benefit Waiting Period while working if you meet the plan's definition of Disability or Partial Disability. (See Question 14.)

28. How does the Return to Work Incentive affect my Long Term Disability benefit?

During the first 12 months after the first day you work following completion of the Benefit Waiting Period, your Work Earnings will be Deductible Income as determined below:

- A. Determine the amount of your LTD Benefit as if there were no Deductible Income, and add your Work Earnings to that amount.
- B. Determine 100% of your Indexed Predisability Earnings.
- C. If A is greater than B, the difference will be Deductible Income.

After those first 12 months, one half of your Work Earnings will be Deductible Income.

29. If I leave public employment, may I take my Long Term Disability insurance with me?

No. Neither the Basic nor Optional Plans may be converted to individual policies. Group Long Term Disability insurance is designed to provide coverage only while you are working for a specific Employer, and benefits are designed to fit the specific needs of the group.

30. When does my insurance terminate?

Your insurance automatically terminates on the earliest of the following dates:

- A. The date of termination of your status as an eligible employee (the last day you were in a pay status, except as stated under Question 26);
- B. The date you become a full-time member of the military forces (land, sea, or air) of any country;
- C. For the Optional Plan only, the end of the last month for which you were eligible and made a required contribution; or
- D. The date of discontinuance of the group policy. (This will NOT affect continuance of disability benefits if you have an active claim. Please refer to Benefits After Insurance Ends or Is Changed on page 34.)

31. When should I file a claim?

You should file a claim as soon as you or your doctor believe you will be disabled for a period longer than your Benefit Waiting Period. Approximately 30 days after a claim is filed, Standard will send you a written decision on your claim. If your claim is approved, the notice will advise you when the first monthly benefit payment will be made. In some cases, additional investigation is required before a decision can be made on a claim. Standard will notify you in writing if additional time is required.

32. How do I file a claim?

Report your claim to your personnel, payroll, or benefits office. They will file claims for you with Standard Insurance Company.

33. Who is the insurance company?

The Public Employees Benefits Board has contracted with Standard Insurance Company of Portland, Oregon to provide this coverage.

34. If I complete the "Statement of Health" form, am I protected under the Federal Fair Credit Reporting Act?

Yes. Information regarding your insurability will be treated as confidential. Standard Insurance Company may, however, make a brief report to the Medical Information Bureau, a non-profit membership organization of life insurance companies, which operates an information exchange on behalf of its members. If you apply to another Bureau member company for life or health insurance coverage, or a claim for benefits is submitted to such a company, the Bureau, upon request, will supply such company with the information in its file.

Upon receipt of a request from you, the Bureau will arrange disclosure of any information it may have in your file. (Medical information will be disclosed only to your attending physician.) If you question the accuracy of information in the Bureau's file, you may contact the Bureau and seek a correction in accordance with the procedures set forth in the Federal Fair Credit Reporting Act. The address of the Bureau's information office is 160 University Avenue, Westwood, Massachusetts 02090, telephone number 781-329-4500, and Web site address is www.mib.com.

Standard Insurance Company may also release information in its file to other life insurance companies to whom you may apply for life or health insurance, or to whom a claim for benefits may be submitted.

35. If I have a question about the Long Term Disability Insurance Plan, who can answer it for me?

For questions about enrollment and administration, contact your personnel, payroll, or benefits office. If you are not able to obtain the information you want from these sources, contact Standard Insurance Company, Attn. Medical Underwriting Dept., 900 SW 5th, Portland, OR 97204-1235, telephone 1-800-368-2860.

Coverage Provisions

Insuring Clause

If you become Disabled while insured under the Group Policy, we will pay LTD Benefits according to the terms of the Group Policy after we receive Proof of Loss.

Definition of Disability

You are Disabled if you meet one of the following definitions:

Own Occupation Definition of Disability

During the Benefit Waiting Period and the first 24 months for which LTD Benefits are paid (Own Occupation Period), you are required to be Disabled only from your Own Occupation.

You are Disabled from your Own Occupation if, as a result of sickness, injury, or pregnancy, you are unable to perform with reasonable continuity the Material Duties of your Own Occupation.

Any Occupation Definition of Disability

From the end of the Own Occupation Period to the end of the Maximum Benefit Period (Any Occupation Period), you are required to be Disabled from all occupations.

You are Disabled from all occupations if, as a result of sickness, injury, or pregnancy, you are unable to perform with reasonable continuity the Material Duties of any gainful occupation for which you are reasonably able through education, training, and experience.

Partial Disability Definition

1. During the Benefit Waiting Period and the Own Occupation Period, you are Partially Disabled if you are working in your Own Occupation but, as a result of sickness, injury, or pregnancy, you are unable to earn more than the Own Occupation Income Level (80% of Indexed Predisability Earnings).
2. During the Any Occupation Period, you are Partially Disabled if you are working in an occupation but, as a result of sickness, injury, or pregnancy, you are unable to earn more than the Any Occupation Income Level (60% of Indexed Predisability Earnings) in that occupation and in all other occupations for which you are reasonably suited under the Any Occupation Definition of Disability.

You may work in another occupation while you meet the Own Occupation Definition of Disability. If you are Disabled from your Own Occupation, there is no limit on your Work Earnings in another occupation.

Own Occupation means any employment, business, trade, profession, calling, or vocation that involves Material Duties of the same general character as your regular and ordinary employment with your Employer. Your Own Occupation is not limited to your job with your Employer.

Material Duties means the essential tasks, functions, and operations, and the skills, abilities, knowledge, training, and experience generally required by employers from those engaged in a particular occupation.

Your Work Earnings may be Deductible Income. See Return to Work Incentive on the next page and Deductible Income on page 29.

Return to Work Incentive

During The Benefit Waiting Period

You may serve your Benefit Waiting Period while working, if you meet either the Own Occupation Definition of Disability or the Partial Disability Definition.

After The Benefit Waiting Period

You are eligible for the Return to Work Incentive on the first day you work after the Benefit Waiting Period, if LTD Benefits are payable on that date. The Return to Work Incentive changes 12 months after that date, as follows:

1. During the first 12 months, your Work Earnings will be Deductible Income as determined below:
 - a. Determine the amount of your LTD Benefit as if there were no Deductible Income, and add your Work Earnings to that amount.
 - b. Determine 100% of your Indexed Predisability Earnings.
 - c. If a is greater than b (above), the difference will be Deductible Income.
2. After those first 12 months, one half of your Work Earnings will be Deductible Income.

Work Earnings means your gross monthly earnings from work you perform while Disabled, including earnings from your Employer, any other employer, or self-employment.

Temporary Recovery

You may temporarily recover from your Disability, and then become Disabled again from the same cause or causes, without having to serve a new Benefit Waiting Period. Temporary Recovery means you cease to be Disabled for less than the applicable Allowable Period. (See Definition of Disability on page 26.)

Allowable Periods

1. During the Benefit Waiting Period: a total of five days of recovery for every 30 days of the Benefit Waiting Period.
2. During the Maximum Benefit Period: 180 days for each period of recovery.

Effect of Temporary Recovery

If your Temporary Recovery does not exceed the Allowable Periods, the provisions below will apply.

1. The Predisability Earnings used to determine your LTD Benefit will not change.
2. The period of Temporary Recovery will not count toward your Benefit Waiting Period, your Maximum Benefit Period, or your Own Occupation Period.
3. No LTD Benefits will be payable for the period of Temporary Recovery.
4. No LTD Benefits will be payable after benefits become payable to you under any other group long-term disability insurance policy under which you become insured during your period of Temporary Recovery.
5. Except as stated above, the provisions of the Group Policy will be applied as if there had been no interruption of your Disability.

When LTD Benefits End

Your LTD Benefits end automatically on the earliest of:

1. The date you are no longer Disabled.
2. The date your Maximum Benefit Period ends.
3. The date of your death.
4. The date benefits become payable under any other group LTD insurance policy under which you become insured during a period of Temporary Recovery.

Predisability Earnings

Your Predisability Earnings will be based on your earnings in effect on your last full day of Active Work. Any subsequent change in your earnings will not affect your Predisability Earnings.

Predisability Earnings means your monthly rate of earnings from your Employer, including:

1. Contributions you make through a salary reduction agreement with your Employer to:
 - a. An Internal Revenue Code (IRC) Section 401(k), 403(b), or 457 deferred compensation arrangement; or
 - b. An executive nonqualified deferred compensation arrangement.
2. Amounts contributed to your fringe benefits according to a salary reduction agreement under an IRC Section 125 plan.
3. Any public funds paid to you as a grant, subsidy, or contract for a research project or other work you perform.

Predisability Earnings do not include:

1. Bonuses.
2. Shift differential pay.
3. Standby pay.
4. Commissions.
5. Supplemental stipends.
6. Overtime pay.
7. Your Employer's contributions on your behalf to any deferred compensation arrangement or pension plan.
8. Any other extra compensation.

If you are paid on an annual contract basis or have an understanding of continued full-time employment, your monthly rate of earnings is one-twelfth (1/12th) of your annual salary (including position stipends).

If you are a full-time hourly paid Member, your monthly rate of earnings is your hourly pay rate multiplied by the number of hours you are regularly scheduled to work per month, but not more than 173 hours.

If you are a part-time faculty Member, your monthly rate of earnings is your average monthly earnings during the preceding 12 calendar months (or during the period of your employment as a part-time Member if less than 12 months).

If you are any other salaried part-time Member, or full-time Member, your monthly rate of earnings is your monthly wage or salary (including position stipends) times the number of months you are regularly scheduled to work per year, divided by 12.

If you are any other hourly paid, part-time Member, or an intermittent Member, your monthly rate of earnings is your current hourly pay rate times the average number of hours worked per month for which you were compensated by the Employer during the previous 12 months (or during the period of your coverage under the Group Policy if less than 12 months).

If you are a commissioner of a Public Utilities District (PUD), your monthly rate of earnings is 1/12th of your annual compensation (including your percentage of PUD revenue).

Deductible Income

Subject to Exceptions to Deductible Income, Deductible Income means:

1. Sick pay, shared leave, and other salary continuation paid to you by your Employer.
2. Your Work Earnings, as described in the Return to Work Incentive on page 27.
3. Any amount you receive or are eligible to receive because of your disability under any Workers' Compensation law or similar law, including amounts for partial or total disability, whether permanent, temporary, or vocational.

5. Any amount you receive or are eligible to receive because of your disability under any state disability income benefit law or similar law.
6. Amounts you receive or are eligible to receive because of your disability under any other group disability insurance coverage, as determined below:
 - a. Determine the amount of your LTD Benefit as if there were no Deductible Income, and add your group disability insurance benefits to that amount.
 - b. Determine 60% of the first \$10,000 of your total monthly earnings from all employment plus 40% of the remainder of your total monthly earnings from all employment.
 - c. If a is greater than b (above), the difference will be Deductible Income.
7. Benefits from your current Employer's retirement plan, as follows:
 - a. If you receive a benefit, refund, withdrawal, or distribution from your Employer's retirement plan, your Deductible Income will be the amount you receive.

- b. If you do not receive a benefit, refund, withdrawal, or distribution from your Employer's retirement plan, your Deductible Income will be the larger of i or ii (below), which you are eligible to receive, or would have been eligible to receive had timely application been made.
 - i. The monthly disability benefit, with no survivor's benefit.
 - ii. The retirement income benefit option that comes closest to providing you a monthly income for life with no survivors' benefit.

Deductible Income from your Employer's retirement plan does not include:

- a. The portion of any service retirement benefit you receive which is attributable to your contributions to the plan.
- b. Any service retirement benefit you are eligible to receive before age 62 (or normal retirement age under the plan if later), but which you do not receive before such age.

- a. A public employees retirement system,
- b. A state teachers retirement system, and
- c. A plan arranged and maintained by a union or employee association for the benefit of its members.

The Group Policy states the rules which apply to the determination of the amount of your Deductible Income from your Employer's retirement plan.

- 8. Any amount you receive by compromise, settlement, or other method as a result of a claim for any of the above, whether disputed or undisputed.

Rules for Deductible Income

Monthly Equivalents

Each month we will determine your LTD Benefit using the Deductible Income for the same monthly period, even if you actually receive the Deductible Income in another month.

If you are paid Deductible Income in a lump sum or by a method other than monthly, we will determine your LTD Benefit using a prorated amount. We will use the period of time to which the Deductible Income applies. If no period of time is stated, we will use a reasonable one.

Your Duty to Pursue Deductible Income

You must pursue Deductible Income for which you may be eligible. We may ask for written documentation of your pursuit of Deductible Income. You must provide it within 60 days after we mail you our request. Otherwise, we may reduce your LTD Benefits by the amount we estimate you would be eligible to receive upon proper pursuit of the Deductible Income.

Pending Deductible Income

We will not deduct pending Deductible Income until it becomes payable. You must notify us of the amount of the Deductible Income when it is approved. You must repay us for the resulting overpayment of your claim.

Overpayment of Claim

We will notify you of the amount of any overpayment of your claim under any group disability insurance policy issued by us. You must immediately repay us. You will not receive any LTD Benefits until we have been repaid in full. In the meantime, any LTD Benefits paid, including the Minimum LTD Benefit, will be applied to reduce the amount of the overpayment. We may charge you interest at the legal rate for any overpayment which is not repaid within 30 days after we first mail you notice of the amount of the overpayment.

LTD Benefits Payable Under Both Plan A and Plan B

Deductible Income will be deducted from Plan B first if LTD Benefits are payable under both Plan A and Plan B. The amount to be deducted from Plan A is determined as follows:

$X = 60\%$ of the first \$9,600 of your Predisability Earnings over \$400

$Y =$ your Deductible Income

If your Deductible Income (Y) is greater than X , the amount to be deducted from Plan A is $(Y - X)$ plus \$50.

If X is greater than Y , the amount to be deducted from Plan A is \$50 minus $(X - Y)$. However, if the difference between X and Y is \$50 or more, the amount to be deducted from Plan A is zero.

Cost of Living Adjustment Benefit

Eligibility

You are eligible for a COLA Benefit if, on each March 1, you have received LTD Benefits under Plan B for at least 3 of the preceding 12 months.

If you have not received LTD Benefits under Plan B for at least 3 of the 12 months preceding March 1, you are eligible for COLA Benefits on the following March 1, provided you have received LTD Benefits under Plan B for at least 3 of the 12 months preceding such March 1.

COLA Benefit Rules

1. Your LTD Benefits becoming payable under Plan B after you are eligible for a COLA Benefit are increased by the COLA Factor in effect for the current year.
2. A new COLA Factor is determined each March 1.
3. Your first COLA Factor is equal to 1.00 plus one-half the rate of increase in the CPI-W for the prior calendar year.
4. Each following COLA Factor is equal to 1.00 plus one-half the rate of increase in the CPI-W for the prior calendar year, times the previous COLA Factor.
5. The maximum increase that we will use is 6%.
6. The minimum LTD Benefit is not adjusted by the COLA Factor.
7. Your COLA Factor will not decrease, even if the CPI-W decreases.
8. The COLA Benefit does not apply to Plan A, Plan C, or Plan D.

TIAA-CREF or the Higher Education Academic Retirement Contributions Benefit (Plan D)

Plan D provides a monthly retirement contributions benefit while LTD Benefits are payable under Plan B, subject to the following provisions:

Payment of TIAA-CREF or Higher Education Academic Retirement Contributions Benefit

The TIAA-CREF or Higher Education Academic Retirement Contributions Benefit will be paid to the Employer to be deposited in the Employer's retirement plan on your behalf.

The TIAA-CREF or Higher Education Academic Retirement Contributions Benefit becomes payable on the later of:

1. The date LTD Benefits become payable under Plan B; or
2. The date you first would have been required to become covered under the TIAA-CREF or the Higher Education Academic Retirement Plan.

Amount of TIAA-CREF or Higher Education Academic Retirement Contributions Benefit

The TIAA-CREF or Higher Education Academic Retirement Contributions Benefit is shown in the Schedule of Benefits, subject to any limitations on the amount of the contribution imposed by the Internal Revenue Code, ERISA, or any other federal or state laws.

If you return to work for the Employer, the TIAA-CREF or Higher Education Academic Retirement Contributions Benefit will be reduced by the amount of any employee/Employer contributions transmitted to the retirement plan on your behalf.

When TIAA-CREF or Higher Education Academic Retirement Contributions Benefits End

The TIAA-CREF or Higher Education Academic Retirement Contributions Benefit Plan ends on the earlier of the following dates:

1. The date LTD Benefits cease to be payable under Plan B.
2. The date the Employer's TIAA-CREF or Higher Education Academic Retirement Contributions Plan terminates.

Other Provisions

We may terminate or change the amount of your TIAA-CREF or Higher Education Academic Retirement Contributions Benefit at the Policyowner's request when necessary to comply with the Internal Revenue Code, ERISA, or any other federal or state laws.

If the TIAA-CREF or Higher Education Academic Retirement Contributions Benefit is not accepted by the TIAA-CREF or Higher Education Academic Retirement Plan, no further TIAA-CREF or Higher Education Academic Retirement Contributions Benefits will be payable. The Policyowner will refund any TIAA-CREF or Higher Education Academic Retirement Contributions Benefits that were not accepted by the retirement plan.

Survivor's Benefit

If you die while LTD Benefits are payable, we will pay a survivor's benefit according to 1 through 4 below.

1. The amount of the survivor's benefit is shown in Other Provisions on page 20.
2. The survivor's benefit will first be applied to reduce any overpayment of your claim.
3. The survivor's benefit will be paid at our option to any one or more of the following:
 - a. Your surviving spouse;
 - b. Your surviving unmarried children under age 25; or
 - c. Any person providing the care and support of any of them.
4. If you are not survived by a spouse or an unmarried child under age 25, no survivor's benefit will be paid.

Waiver of Premium

Your insurance will continue without payment of premiums while:

1. LTD Benefits are payable; and
2. You are completing the Benefit Waiting Period, provided you are not in pay status.

Benefits After Insurance Ends or Is Changed

Your right to receive LTD Benefits for a period of Disability which begins while you are insured will not be affected by:

1. Termination of the Group Policy after you become Disabled;
2. Termination of your insurance while the Group Policy remains in force; or
3. Any amendment to the Group Policy approved after the date you become Disabled.

Effect of New Disability

If a period of Disability is extended by a new cause while LTD Benefits are payable, LTD Benefits will continue while you remain Disabled. However, 1 and 2 apply.

1. LTD Benefits will not continue beyond the end of the original Maximum Benefit Period.
2. The Exclusions and Limitations sections will apply to the new cause of Disability.

Exclusions

War

You are not covered for a Disability caused or contributed to by war or any act of war. War means declared or undeclared war, whether civil or international, and any substantial armed conflict between organized forces of a military nature.

Intentionally Self-Inflicted Injury

You are not covered for a Disability caused or contributed to by an intentionally self-inflicted injury, while sane or insane.

Pre-existing Condition

1. Definition

Pre-existing Condition means a mental or physical condition for which you have done any of the following at any time during the 90-day Pre-existing Condition Period:

- a. Consulted a physician;
- b. Received medical treatment or services; or
- c. Taken prescribed drugs or medications.

2. Exclusion

You are not covered for a Disability caused or contributed to by a Pre-existing Condition or medical or surgical treatment of a Pre-existing Condition unless, on the date you become Disabled, you have been:

- a. Continuously insured under the Group Policy or Prior Plan for the entire 12-month Exclusion Period; and
- b. Actively at Work for at least one full day after the end of the Exclusion Period.

Limitations

1. Care of a Physician

You must be under the ongoing care of a physician during the Benefit Waiting Period. No LTD Benefits will be paid for any period of Disability when you are not under the ongoing care of a physician.

2. Mental Disorder

Payment of LTD Benefits is limited to 24 months for each period of Disability caused or contributed to by a Mental Disorder. However, if you are confined in a Hospital at the end of the 24 months, this limitation will not apply while you are continuously confined.

Mental Disorder means a mental, emotional, behavioral, or stress-related disorder.

Hospital means a legally operated hospital providing full-time medical care and treatment under the direction of a full-time staff of licensed physicians. Rest homes, nursing homes, convalescent homes, homes for the aged, and facilities primarily affording custodial, educational, or rehabilitative care are not hospitals.

3. Rehabilitation

No LTD Benefits will be paid for any period of Disability when you are not participating in good faith in a plan, program, or course of medical treatment, vocational training, or education approved by us unless your Disability prevents you from participating.

Claims

Filing a Claim

You should file a claim as soon as you or your doctor believe you will be disabled for a period longer than your Benefit Waiting Period. Approximately 30 days after a claim is filed, Standard will send you a written decision on your claim. If your claim is approved, the notice will advise you when the first monthly benefit payment will be made.

Report your claim to your personnel, payroll, or benefits office. They will file claims for you.

Time Limits on Filing Proof of Loss

You must give us Proof of Loss within 90 days after the end of the Benefit Waiting Period. If you cannot do so, you must give it to us as soon as reasonably possible, but not later than one year after that 90-day period. If Proof of Loss is filed outside these time limits, your claim will be denied. These limits will not apply while you lack legal capacity to file claims.

Proof of Loss

Proof of Loss means satisfactory written proof that you are Disabled and entitled to LTD Benefits. Proof of Loss must be provided at your expense.

Documentation

At your expense, you must submit completed claims statements, your signed authorization for us to obtain information, and any other items we may reasonably require in support of your claim. If you do not provide the documentation within 60 days after we mail you our request, your claim may be denied.

Investigation of Claim

We may investigate your claim at any time.

At our expense, we may have you examined at reasonable intervals by specialists of our choice. We may deny or suspend LTD Benefits if you fail to attend an examination or cooperate with the examiner.

Time of Payment

We will pay LTD Benefits within 60 days after you qualify and satisfy proof of loss. LTD Benefits will be paid to you at the end of each month you qualify for them. LTD Benefits remaining unpaid at your death will be paid to the person(s) receiving the Survivor Benefit. If no Survivor Benefit is paid, the unpaid LTD Benefits will be paid to your estate.

Notice of Decision On Claim

You will receive a written decision on your claim within a reasonable time after we receive your claim.

If you do not receive our decision within 90 days after we receive your claim, you will have an immediate right to request a review as if your claim had been denied.

If we deny any part of your claim, you will receive a written notice of denial containing:

1. The reasons for our decision;
2. Reference to the parts of the Group Policy on which our decision is based;
3. A description of any additional information needed to support your claim; and
4. Information concerning your right to a review of our decision.

Review Procedure

You may request in writing a review of a denial of all or part of your claim within 60 days after you receive notice of the denial.

When you request a review, you may send us written comments or other items to support your claim. You may review any non-privileged information that relates to your request for review.

We will review your claim promptly after we receive your request. We will send you a notice of our decision within 60 days after we receive your request, or within 120 days if special circumstances require an extension. We will state the reasons for our decision and refer you to the relevant parts of the Group Policy.

Assignment

The rights and benefits under the Group Policy are not assignable.

Allocation of Authority

Except for those functions which the Group Policy specifically reserves to the Policyowner, we have full and exclusive authority to control and manage the Group Policy, to administer claims, and to interpret the Group Policy and resolve all questions arising in the administration, interpretation, and application of the Group Policy.

Our authority includes, but is not limited to:

1. The right to resolve all matters when a review has been requested;
2. The right to establish and enforce rules and procedures for the administration of the Group Policy and any claim under it;
3. The right to determine:
 - a. Your eligibility for insurance;
 - b. Your entitlement to benefits;
 - c. The amount of benefits payable to you;
 - d. The sufficiency and the amount of information we may reasonably require to determine a, b, or c (above).

Subject to the review procedures of the Group Policy, any decision we make in the exercise of our authority is conclusive and binding.

Time Limits on Legal Actions

No action at law or in equity may be brought until 60 days after you have given us Proof of Loss. No such action may be brought more than three years after the earlier of:

1. The date we receive Proof of Loss; or
2. The end of the period within which Proof of Loss is required to be given.

Incontestability Provisions

Incontestability of Member's Insurance

Any statement you make to obtain insurance is a representation and not a warranty.

No misrepresentation by you will be used to reduce or deny your claim or contest the validity of your insurance unless:

1. Your insurance would not have been approved if we had known the truth; and
2. We have given you a copy of a written instrument signed by you which contains your misrepresentation.

After your insurance has been in effect for two years, we will not use a misrepresentation by you to reduce or deny your claim, unless it was a fraudulent misrepresentation.

Incontestability of Group Policy

Any statement made by the Policyowner to obtain the Group Policy is a representation and not a warranty.

No misrepresentation by the Policyowner will be used to deny a claim or to deny the validity of the Group Policy unless:

1. The Group Policy would not have been issued if we had known the truth; and
2. We have given the Policyowner a copy of a written instrument signed by the Policyowner which contains the misrepresentation.

The validity of the Group Policy will not be contested after it has been in force for two years, except for nonpayment of premiums or fraudulent misrepresentations.

Continuity of Coverage

If you were insured under the Prior Plan on the day before the effective date of your Employer's coverage under the Group Policy, you can become insured on the effective date of your Employer's coverage without meeting the Active Work Requirement. See Active Work Provisions below.

The LTD Benefit payable for a period of continuous disability beginning before you meet the Active Work Requirement will be:

1. The monthly benefit which would have been payable under the terms of the Prior Plan if it had remained in force; reduced by
2. Any benefits payable under the Prior Plan.

Active Work Provisions

Active Work Requirement

If you are incapable of Active Work because of sickness, injury, or pregnancy on the day before the scheduled effective date of your Optional Insurance, your Optional Insurance will not become effective until the day after you complete one full day of Active Work as an eligible Member.

Active Work and Actively at Work mean performing the Material Duties of your Own Occupation at your Employer's usual place of business.

Changes In Insurance

This Active Work Requirement also applies to any increase in your insurance. However, if you return to Active Work during a period of Disability or Temporary Recovery (see Temporary Recovery), you will not qualify for any change in insurance caused by a change in:

1. The rate of earnings used to determine your Predisability Earnings; or
2. The terms of the Group Policy.

Exception

The Active Work Requirement will not apply to you if:

1. You were absent from Active Work because of a regularly scheduled day off, holiday, or vacation day;
2. You were Actively at Work on your last scheduled work day before the date of your absence; and
3. You were capable of Active Work on the day before the scheduled effective date of your insurance.

Optional Plan Premium Rates

30 days	2.67%	2.11%
60 days	1.35%	1.12%
90 days	.74%	.61%
120 days	.43%	.37%

240 days	.31%	.28%
300 days	.29%	.26%
360 days	.28%	.25%
